EMPLOYMENT TYPE: Full Time

DESCRIPTION: Assist the TEAM in land analysis, urban design and preparation of municipal applications. Engage clients, stakeholders, municipalities, advisory boards and elected leaders in community design projects and entitlement efforts.

REQUIREMENTS:

- 3+ years of professional experience
- Demonstrated exceptional imaginative, organizational and collaborative talents
- Able to operate independently to accurately interpret and apply relevant municipal code(s) to projects
- Demonstrated exceptional imaginative, organizational and collaborative talents.
- Desire to be part of a TEAM
- Embrace life / work balance culture

Intrinsik is a community focused firm founded in 1999 as a one person, garage based design-build company. Intrinsik has since evolved into a sustainable and growing multi-person firm, currently including 6 licensed Architects and 2 Land Use Planners providing professional Architecture and Planning services throughout Montana and the nearby region. Over the past 25 years our TEAM has focused our efforts on building quality communities and offering creative design solutions for all project types including commercial, mixed use, single family residences, affordable and market rate multi-unit residences, schools and master planned neighborhoods.
